NEW OPTOMETRIST COMES TO BETHEL

Dr. E. Bruce Kirm of Rumford will open a branch office at Main Street, Bethel. Recently graduated Cum Laude from the Massachusetts College of Optometry in Boston, Dr. Kirm received his A. B. degree from Brown University in 1962.

Dr. E. Bruce Kirm

He is a graduate of Stevens High School, Claremont, N. H., where he was a member of the National Honor Society, captain of the track team and cross-country team, a varsity basketball player and president of the Student Council.

While at optometry school, he was a member of Omega Epsilon Phi fraternity. He recently has been elected to Beta Sigma, a scholastic honor society for scholastic achievement.

Dr. Kirm plans to come to his Bethel office Monday evening Wednesday afternoon and evening.

CHILD HEALTH CLINIC AT METHODIST CHURCH MAY 9

A Child Health Clinic will be held at the Methodist Church on May 9, from 9 to 10:30, where all children under school age will be examined by a physician with the Public Health Nurse in attendance.

You are invited to bring your child or children, if they are not under supervision of your family physician. Please bring a record of previous immunizations. For information call Mrs. Albert Buck.

Mr. and Mrs. Cecil Conrad and Mrs. Leona Flint spent the week end with Mr. and Mrs. Frank Flint and family, Fairfield, Conn.

WANTED — A woman to care for my wife during her convalescence. Would prefer someone to live in. Bardon Newton.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Highway Department crew is going to assist the Chamber of Commerce in a clean-up campaign as soon as a date can be set. The town trucks will be available to haul rubbish for a forenoon. Anyone having articles to dispose of may contact the Town Office. The only time the highway men will be available is on the date decided upon, as their regular work is behind schedule now as a result of wet weather and a great amount of time spent on the sewer at the site of new construction on Bridge Street.

Anyone having old cars, buildings or parts of either on their property can expect a notice from the Town Office to remove them. This is a State law municipal officials have to enforce. Even after the several years officials here have made an effort to clean these unsightly objects from the roadside, there are still a great many around. These items will not be handled by the town crew in the clean-up campaign.

VOTING IN LATE MAY ON WATER DISTRICT FORMATION

Bethel voters will be asked in a special local referendum election in late May on the question of "Shall the Act to Incorporate the Bethel Water District, passed by the 103rd Legislature, be accepted?"

The Act, passed as emergency legislation by the current legislature, would permit the town of Bethel, if approved by local voters, to form a body politic and corporate under the name of Bethel Water District. This would be for the purpose of supplying the Town and the inhabitants of the District with water.

The Water District would be authorized to take, collect, store, hold, divert, use, flow, detain and distribute water from any lake, pond, stream or river, and from any surface or underground brook, spring or vein of water in Bethel, and from any other source from which the Bethel Water Company is now authorized to take water, including sources outside of Bethel.

GOULD ROCKET EXPLODES ON LAUNCH PAD

At 8:25 Tuesday morning under ideal rocket-launching conditions Gould Academy's bid for space supremacy met with failure. The count-down was flawless, with only one short delay to allow the press to take pictures. Upon completion of the count-down the lift-off button was pressed. The resulting explosion wrecked beyond repair the rocket and complete launch-pad facilities. Students of the

Earth Science class who built the rocket and their teacher, Alvin Barth, promptly busted themselves picking up every piece of wreckage they could find and headed back to the laboratory. No information concerning further launchings is available pending full investigation of the disappointing event. Part of the Academy's rocket crew appear in the accompanying picture with the ill-fated missile shortly before launch-time. Left to right: Jeff Yates, Mike Colby and Merton Brown.

SEVENTH-DAY ADVENTIST CHURCH

Millions in the world are starving for food which even a loaf of bread would alleviate their pangs of hunger.

To help ease this situation banks in the shape of a loaf of bread have been given out in all Seventh-day Adventist Churches, and will be collected on May 13.

They will hold contributions to the denominations Disaster and Relief Fund which last year made possible the distribution of supplies totalling more than two million dollars.

Twenty countries benefited from the work done by the International Welfare Service, with which the South Woodstock Church cooperates.

Medical supplies valued at more than \$150,000 were given to combat diseases in numerous overseas countries. This Welfare Service also reconstructed many dwellings which fell before disastrous hurricanes, fires and earthquakes.

From the Welfare Center in South Paris which is maintained by the S. D. A. churches in this area, have been given thousands of articles of clothing besides household furnishings and food.

A more complete report on the work of the Center will appear later.

WATER DISTRICT ACT

continued from Page One

Act would be to confer the right of eminent domain; authorization to lay pipe over public ways, to erect dams and reservoirs, to cross navigable rivers; to supply water to utilities.

If the Act is accepted, the affairs will be managed by a three member board of trustees appointed by the selectmen. A selectman may not be a trustee of the District. The trustees shall determine the term of office of each of their number. One trustee shall retire at the end of each municipal year. Subsequent appointments to the Board would be for a term of three years.

The Bethel Water District would be authorized and empowered to acquire by purchase or eminent domain the entire plant, property, franchises, rights and privileges of the Bethel Water Company. Power to raise rates and water company fall to agree on terms of purchase is outlined in the Act.

All valid contracts existing between the Water Company and any person, corporation or municipal corporation to supply water in the town of Bethel, would be assumed by the District. The District would be authorized to contract with the Town of Bethel or any municipal corporation, with the Town or municipal corporation holding money to pay for such supply of water the same as any other charges.

The property of the District would be exempt from all taxation in Bethel and in any other town where any part of its plant is located.

For the purpose of this Act, the

Rev. Jackson of the Nazarene Church

PRAYER IS LIKE —

- The Forerunner—to watch the doors of our lips.
- The Guard—to keep the forts of our hearts.
- The Hill of the Sword—to defend our hands.
- A Master Workman—who accomplishes things.
- A Barometer—to show our spiritual condition.

Water District, through its trustees, would be authorized to borrow money temporarily and to issue its negotiable notes therefor, to pay expenses incurred in carrying out the provisions of this Act. Authority would be granted to issue bonds, notes or other evidences of indebtedness, from time to time, to meet expenses of the District. Such expenses would include acquiring property, paying damages, laying pipes, mains, aqueducts, conduits, constructing, maintaining a water plant or system, and making renewals, additions, extensions and improvements.

All individuals, firms and corporations, whether private, public or municipal, would pay the District treasurer the rates established by the Trustees for water used by them. Rates would be uniform within the District where costs of service are substantially uniform. A higher rate could be charged in sections where costs of maintaining service exceed the average.

Rates would be established to provide revenue for the follow-

ing: to pay current expenses for operating and maintaining the water system; necessary replacement and extensions; to pay interest on outstanding indebtedness; to provide each year a sum not less than 1% nor more than 5% of the entire indebtedness of the District, to be turned into a sinking fund for the retirement of such indebtedness. The Trustees could, at their discretion, issue bonds so that not less than 1% of the amount of bonds would mature and be retired each year. If any surplus remains at the year end, it could be transferred to the sinking fund.

The Water District would be subject to the Public Utilities Commission statutes.

The Act states that it shall be in effect after its acceptance by a majority of voters casting their ballots, provided that the total number of votes cast for and against the acceptance of the Act equals or exceeds 20% of the total vote for all candidates for governor at the last previous gubernatorial election.

CUSTOMS AND HABITS OF "PEOPLE COLUMBUS KNEW" DISPLAYED AT CORHAM ST.

Corham St. is showing the customs and habits of "The People Columbus Knew" are now on display in the Museum of Man and Culture at Corham State College. Artifacts gathered from several expeditions by the College to the Caribbean, include wood-carved tools, gold ornaments, ceremonial objects, and pottery. They are thought to be the remains of the Arawak Culture, which Columbus encountered in his four voyages to the West Indies. Among the items on display are a carved wooden artifact and a gold ornament.

INSTITUTE FOR TEACHERS OF DISADVANTAGED YOUTH AT ORONO JULY 18-AUG. 18

An Institute for Teachers of Disadvantaged Youth will be held at the University of Maine's Orono Campus July 18 to August 18, and 27 teachers from rural New England, New York, New Jersey and Pennsylvania have been accepted to attend. Director of the Institute, which is financed by a grant from the U. S. Office of Education, is Assoc. Prof. John Lindlof of the U-M College of Education.

Among those accepted for the Institute are 14 from Maine.

The first chapter in the State of Maine of the national service fraternity, Alpha Phi Omega, has been established at the Orono Campus of the University of Maine. The charter officers of Sigma Xi Chapter will be installed in ceremonies scheduled for Saturday, May 13. Alpha Phi Omega, which is open to any male student, is a national service fraternity which seeks to develop leadership, promote friendship and service to humanity and further freedom by assembling college men in fellowship along the traditions and organizational structure of Boy Scouting.

A new science building, approved by Maine voters in 1965, for the Portland campus of the University of Maine, is now in its final stage of design. Preliminary plans have been accepted by the Facilities Planning Committee and the university's Board of Trustees. Construction bids will be sought in the near future and completion date is set for the fall of 1968.

The building, designed by Alonzo J. Harriman Associates, Inc. of Auburn, is expected to cost in excess of \$1,055,000. It will be a five story brick and glass building, with a two story attached wing.

Joseph Siegel of Bangor has been named valedictorian and Stanley Cunningham Jr. of South Berwick has been named salutatorian of the University of Maine's graduating class of 1967. Siegel has a perfect rank of 4.0 for his four years at the university's Orono campus. Cunningham has an accumulative rank of 3.87. Both plan further study—Siegel at Massachusetts Institute of Technology and Cunningham at the State University of New York.

Field studies of plants, animals, stars, weather, rocks and minerals are the emphasis in a University of Maine Summer Session course at Goose Cove, Deer Isle, which opens June 19. The three-week course is open to a limited enrollment and pre-registrations are being accepted now. Special attention is given to the marine life of the Maine coast by the students who will live at the site.

SAVINGS BOND CAMPAIGN OPENS WITH "SHARE-IN-FREEDOM" WEEK

The Treasury put on sale this week a new 4.7% savings note to be known as "Freedom Shares" and intensified its efforts to substantially increase the sale of United States Savings Bonds in 1967.

The event marked the opening of "Share-in-Freedom" Week, being observed simultaneously in every city, town and hamlet throughout the country.

George H. Viles, South Paris, County Savings Bond Chairman, called it the most important campaign since World War II days to increase the purchase of Series E Savings Bonds and the new companion Freedom Shares, which can be bought only along with Savings Bonds on a regular purchase plan.

"Ten officials of Government, from the President on down, have labeled the need more urgent than at any time since 1945," Mr. Viles said, "With increasing costs of the Vietnam conflict, the need to raise more funds through individual savings is vital. I urge all citizens of Oxford County to sign up bond purchase, and to follow a regular purchase plan that will make them eligible to buy the new Freedom Shares."

The basic plans are available for the regular purchase of Savings Bonds, thus creating eligibility to buy Freedom Shares. One is the Payroll Savings Plan offered by many business firms to its employees. The other is the Bond-A-Month Plan through which local banks deduct set amounts monthly from customers' checking accounts.

Under either plan, the regular bond buyer may purchase Freedom shares of the same face amount as the E Bonds he is buying. However, note purchases are limited to \$1,350 (face amount) in any one calendar year. E Bond holdings, of course, remain at the \$20,000 annual limit.

Mr. Viles suggests that anyone interested should contact his local bank.

Field studies of plants, animals, stars, weather, rocks and minerals are the emphasis in a University of Maine Summer Session course at Goose Cove, Deer Isle, which opens June 19. The three-week course is open to a limited enrollment and pre-registrations are being accepted now. Special attention is given to the marine life of the Maine coast by the students who will live at the site.

\$1.3 MILLION IN HIGHWAY WORK AWARDED BY STATE IN APRIL

The State Highway Commission reports that during the month of April seven highway construction projects were awarded to contract totaling an estimated \$1,361,530.

An Interstate project was awarded which calls for a 6-span overpass to carry Belvedere Road over the freeway in Island Falls. This is the final construction project along the section of I-95 between Medway and Oakfield, a 41-mile portion of the Interstate scheduled to be opened to traffic this fall.

Highway construction will be carried out in Jackman and Berwick. The project in Jackman calls for the reconstruction of about 1.7 miles of U. S. Route 201. This work will extend from just north of the junction with Route 15, the road to Rockwood, northwesterly to the Moose River Bridge. All except 300 feet of the new highway will be 48 feet between curbs. The construction in Berwick involves about 1.2 miles of Route 236 as it approaches the built-up area of town from the southeast. To eliminate hazardous curves and improve the grades, the highway will be relocated along the rural section then follow Allen Street to the junction with School Street (Route 9).

Bridges will be constructed in Buckfield and Athens. Two structures under a single contract will be built on the West Athens Road northwesterly of its junction with Route 151 and replace outmoded wooden bridges in Athens. Stoddard Bridge is over the west branch of Wassersunett River and will be a box-culvert type with a span of 22 feet. Tilton Bridge, about one-half mile southeast of Stoddard Bridge, will replace the old structure over Bradbury Stream. It will consist of a reinforced concrete slab with a span of 30 feet supported on concrete abutments.

The two structures in Buckfield—Bennett Bridge and Oak Hill Bridge—were also awarded under a single contract and are located about 650 feet apart on the Buck Hill Road west of town, and carry the road over a loop of Basin Falls Brook. The easterly structure, Bennett Bridge, will have a 25-foot span; the westerly structure, Oak Hill Bridge, will have a 20-foot span. Approaches will be built to the new structures in both Buckfield and Athens.

An Interstate project was completed during the month which called for the fabrication and installation of a 50-foot overhead 3 traffic signal projects.

COMMUNITY HOSPITAL OBSERVES NATIONAL HOSPITAL WEEK, MAY 7 - 12

Rumford Community Hospital holds its second observance of National Hospital Week from May 7 to 12 with a full week of activities.

On Wednesday, May 10, two employee functions are scheduled. An afternoon coffee will be held from 2:00 to 3:30 p. m. in the hospital cafeteria for all personnel employed under five years.

An Appreciation Dinner for 60 long-term employees will be held Wednesday evening at 6:30 at the Mexico Chicken Coop Dining Room.

On Thursday, May 11, all hospital volunteers have been invited to attend a Coffee Shop Open House from 9:30 to 11:00 a. m. Invitations have been extended to 60 chairmen of volunteer services to attend the Awards Tea to be held that afternoon from 2:00 to 4:00 p. m. in the hospital cafeteria.

Dedication of the physical therapy department to Annah O. Farman will take place at 1:00 p. m. on Friday. The public is invited to attend the open house which starts at 2:00 p. m. following the dedication ceremony, and see this modern equipment available for them in the physical therapy department.

Mrs. Virginia Bundy, R. N., is chairman of the Health Careers Program which will be held daily during the hospital week observance. Area high school students selected by their guidance directors will attend programs scheduled at the hospital as follows: Monday at 11:00 a. m., "Today's Physician" will be presented by Dr. David Phillips; Monday at 1:00 p. m., Mrs. Virginia Bundy, R. N., will present "Nursing"; Wednesday at 1:00 p. m., Armand Menard will present "Radiology and X-ray Technology"; Thursday, "Pathology and Medical Technology" will be presented by Dr. Jack Halladrian; and Friday, "Physical Therapy" will be presented by Joyce Noble, R. P. T. following the dedication of her department.

Citizens of the Rumford area are invited to see the window displays which will be located in the Rumford business district. The winning posters in the hospital's health career poster contest will be located in these window displays. Hospital lobby displays will feature health careers, volunteer services, and the hospital week theme.

As a grand finale to the National Hospital week activities, a gala Charity Ball will be held on Saturday, May 20 at the Rumford Armory. Reservations may still be made with Mr. and Mrs. Francis Norris in Rumford; Mrs. Newton Stowell, III, in Dixfield, or with Mrs. Dale Thurston in Bethel.

MOUNTAIN VALLEY LEAGUE BANQUET FOR HONOR STUDENTS HELD MAY 2

Senior Master Vance Richardson and three of Gould Academy's top eleven honor students attended a banquet at Livermore Falls, Wednesday, May 3. Receiving certificates at the banquet held in their honor were David Boudry, Laurel Brown, and Gene Tebbets. Speaking at the banquet was John Marvin, MTA president. Receiving certificates in absentia were Peter Howard, Savannah Stinnett, Elise Hatch, Nancy Chapin, Stephen Tringard, Barbara McKnight, Sharon Packard, and Kenneth Remson. Honor students from each League school attended the banquet and each in turn was called upon to state future educational plans. Mr. Richardson represented Gould's absent seniors and explained that their participation in a musical production conflicted with their attendance at the banquet.

BETHEL P. T. A. TO MEET NEXT TUESDAY

The Bethel P. T. A. will hold its final meeting of this school year Tuesday evening, May 9, at 7:30 p. m., at Crescent Park School. The nominating committee will present a slate of officers for consideration by the membership. Installation of officers will follow the brief business meeting.

MESC OFFICES TO RECRUIT YOUNG WOMEN, 16-21 FOR JOB CORPS

All local offices of the Maine Employment Security Commission will begin at once to recruit young women between the ages of 16 and 21 for the Job Corps, according to Chairman Roy U. Sinclair.

"Rapidly expanding facilities for young women in the Job Corps require this expansion of recruitment and screening methods," Sinclair said.

Although the agency's Employment Service Division in the past has been active in recruiting young men for the Job Corps, this is the first time its responsibility has been extended to include recruitment of young women. Previously, the recruiting of young women for Job Corps has been conducted in the agency's Youth Opportunity Center in Portland by representatives of Women in Community Service, a nationwide organization of women volunteers.

National Hospital Week emphasizes the major role of hospitals in community life in every section of the country. Sponsored by the American Hospital Association, the theme of the 1967 observance is "Your Hospital—City of Care". Rumford Community Hospital is proud to join 7000 hospitals in the country in marking this observance.

NOTICE FROM GREENWOOD TOWN OFFICE

It seems to be necessary at this time to remind residents and visitors of Greenwood that there are certain laws concerning the burning of fires.

It shall be unlawful for any person to kindle or use a fire for purposes of clearing land or burning logs, stumps, brush, slash, dry grass and pasture lands without first obtaining a written permit from the Town Forest Fire Warden.

All persons wishing to burn household rubbish in an incinerator should have this incinerator approved by the Town Forest Fire Warden. Anyone having an approved incinerator is urged to burn between the hours of 5 p. m. and 12 midnight. This law does not apply to municipally maintained dumps nor to special burning jobs where a permit has been obtained from the fire warden.

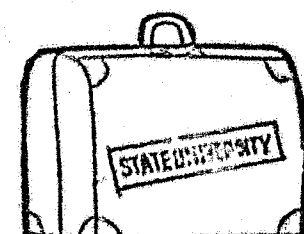

Anyone wishing to obtain permits or incinerator approval should contact Raymond A. Seames, Town Forest Fire Warden.

Because of the increased cost of replacing equipment it will be necessary to make a charge for the use of the forestry pumps by individuals. All arrangements for these pumps should be made with the fire warden. A pump will not be rented unless the fire warden or a deputy is to be the operator. All charges for both the pumps and the operators will be billed directly through the town office.

BETHEL SENIOR CITIZENS TO CELEBRATE FIFTH BIRTHDAY NEXT TUESDAY

The Bethel Senior Citizens will celebrate their fifth birthday Tuesday, May 9 with a birthday party at the Congregational Church at the usual time.

After lunch Frank Plummer of South Paris will play harmonica and bones accompanied by Mrs. J. D. Little. Also Philip House of Bryant Pond will entertain with accordion music. Group singing is to be led by Mrs. Lucille Favreau.
